

after school programme

This action packed 10 week programme has been created for children who want to develop their climbing skills in a positive and fun environment.

Rock Stars is an exciting After School Programme where participants can have fun learning new skills, increase their confidence and develop their co-ordination, balance, movement and problem solving abilities.

An experienced climbing instructor guides the children through each session in groups of no more than ten. Rock Stars is a simple developmental programme which is designed to teach and reinforce the fundamental skills of climbing.
